LSC LIGHTING SYSTEMS

Cable Patches

REDBACK Patch Bay

The ***Redback Patch Bay***s have been designed to compliment the ***Redback Wallmount*** series of installation dimmers. Utilising the same styling methods, the result is a highly compact series of patch bays, that offer the installer and user unhindered access and ease of use. The optional digital Test Module caps off the product group by bringing safe and reliable load and source testing with overload indicators and circuit protection.

19" Rackmount Test Module—**RBP/T**

19" Rackmount 12 cct Patch—**RBP/A**

RBP/CMS installed above and as a kit at right.

CODE	DESCRIPTION
RBP/12	***REDBACK Patch Bay*** with 12 patch leads (expandable to 36 ccts).
RBP/12/T	***REDBACK Patch Bay*** with 12 patch leads (expandable to 36 ccts) with Digital Test Module.
RBP/24	***REDBACK Patch Bay*** with 24 patch leads (expandable to 36 ccts).
RBP/24/T	***REDBACK Patch Bay*** with 24 patch leads (expandable to 36 ccts) with Digital Test Module.
RBP/36	***REDBACK Patch Bay*** with 36 patch leads (not expandable).
RBP/36/T	***REDBACK Patch Bay*** with 36 patch leads (not expandable) with Digital Test Module.
RBP/48	***REDBACK Patch Bay*** with 48 patch leads (expandable to 72 ccts)
RBP/48/T	***REDBACK Patch Bay*** with 48 patch leads (expandable to 72 ccts) with Digital Test Module.
RBP/60	***REDBACK Patch Bay*** with 60 patch leads (expandable to 72 ccts)
RBP/60/T	***REDBACK Patch Bay*** with 60 patch leads (expandable to 72 ccts) with Digital Test Module.
RBP/72	***REDBACK Patch Bay*** with 72 patch leads (not expandable).
RBP/72/T	***REDBACK Patch Bay*** with 72 patch leads (not expandable) with Digital Test Module.
RBP/84	***REDBACK Patch Bay*** with 84 patch leads (expandable to 120 ccts)
RBP/84/T	***REDBACK Patch Bay*** with 84 patch leads (expandable to 120 ccts) with Digital Test Module.
RBP/96	***REDBACK Patch Bay*** with 96 patch leads (expandable to 120 ccts)
RBP/96/T	***REDBACK Patch Bay*** with 96 patch leads (expandable to 120 ccts) with Digital Test Module.
RBP/108	***REDBACK Patch Bay*** with 108 patch leads (expandable to 120 ccts)
RBP/108/T	***REDBACK Patch Bay*** with 108 patch leads (expandable to 120 ccts) with Digital Test Module.
RBP/120	***REDBACK Patch Bay*** with 120 patch leads (not expandable).
RBP/120/T	***REDBACK Patch Bay*** with 120 patch leads (not expandable) with Digital Test Module.

Modules — can be used in 3rd party 19" enclosed rack cabinets or expand existing installations.

RBP/T	***REDBACK Patch*** 1RU Digital Test Module complete with 10A test outlet and MCB, 50W test load and Ammeter.
RBP/A	***REDBACK Patch*** 2RU Patch Panel comprising 12 leads and moulded 3-pin piggy-back connectors. (requires a RBP/B1 below bottom module in rack)
RBP/B1	***REDBACK Patch*** 1RU Blank Module.
RBP/B2	***REDBACK Patch*** 2RU Blank Module.
RBP/CMS	***REDBACK Patch*** Cable Management System for 12 patch leads.
RBP/F3	Small Wall Mount Patch Frame, ready to take up to three 12 circuit Patch Modules (max 36 circuits) and a Test Module
RBP/F6	Medium Wall Mount Patch Frame, ready to take up to six 12 circuit Patch Modules (max 72 circuits) and a Test Module
RBP/F10	Large Wall Mount Patch Frame, ready to take up to ten 12 circuit Patch Modules (max 120 circuits) and a Test Module
